STATEWIDE INFORMATION SYSTEM 2013/2014

PROJECT OVERVIEW

Authority and Objectives

The Statewide Information System (SIS) implements the provisions of several Arkansas General Assembly enactments which mandate that the Arkansas Department of Education (ADE) make extensive use of information technology at the state and local levels to provide accurate and timely information to policy makers and to reduce the state reporting burden. Ark. Code Annotated {6-11-124 (Repl. 1993) requires the implementation of a statewide computer network that will connect all school systems and the ADE. Ark. Code Annotated {6-15-807 directs the ADE to implement automated data systems for financial and education reporting which develop methods for longitudinal studies for school improvement and reduce the number of reports required to be submitted to the ADE. Ark. Code Annotated {6-11-125} directs the ADE to reduce the amount of paperwork submitted by school districts by utilizing to the fullest extent possible the information technology network beginning no later than July 1, 1998.

The objectives of the SIS are to:

A. Ensure that every school district has access to comparable administrative computing systems and services with which to meet all local and state requirements.

B. Promote increased compatibility of the administrative records and data maintained by each district office and school site.

C. Reduce the paperwork and reporting burden of school sites and district offices.

D. Increase the accuracy and timeliness of data submitted by school districts to the ADE for state and federal reporting, program analysis, and evaluation.

E. Result in the availability at the state level of a comprehensive and integrated database of information about students, programs, district personnel, and finances to be utilized for planning and policy-making.

STATEWIDE INFORMATION SYSTEM 2013/2014

PROJECT OVERVIEW

Authority and Objectives

SIS Implementation Requirements for Districts and Education Service Cooperatives

Every school district must have implemented an automated district information system meeting the following requirements:

A. The district information system must contain a centralized system of records and data for all schools, programs, staff, finances and facilities.

B. For local record keeping, the district information system must provide the business functions of accounts payable, general ledger, purchasing, inventory, fixed assets, personnel, and payroll. Student functions must include daily and class attendance, course scheduling, report cards and permanent records, special education, health, discipline, as well as other demographic and program information defined as necessary by the ADE.

C. The district information system must comply with all data definitions and procedures specified by the ADE for financial accounting, personnel records, and student records. This shall include implementation of Handbook IIR2 standards for financial accounting, state student numbering procedures, common course number and title conventions, automated attendance record keeping procedures, permanent record content, and requirements for calculation of high school grade point averages.

SIS Requirements for the Arkansas Department of Education

The ADE will make available to every district all required data elements, records, and procedures for local record keeping and state reporting in a document called the SIS Handbook.

This SIS Handbook will be updated once annually to reflect all changes in requirements resulting from state or federal laws and regulations. The ADE shall make every effort to distribute the annual update as far in advance of each new fiscal year as possible. The online version http://apscn.org, click on the SIS menu, then select "Statewide Information System") is scheduled for release March 1st of every year. Hard copy versions will be distributed during the summer APSCN/ADE training sessions or upon request.

If changes to the SIS Handbook become necessary after its initial release and printing, updates will be made in an addendum online located on the APSCN website. There will be no corrections to the hard copy issue and the printed books will not be revised.

Confidentiality and Access Standards

The ADE shall implement the following procedures for the privacy, security, and retention of all district, student, personnel, financial data and records collected, maintained, and utilized at the state level:

A. Privacy of Records

1. Individual, personally identifiable student records collected and maintained by the ADE shall be accessible only to authorized state education officials as prescribed by the Family Educational Rights and Privacy Act (FERPA) under 20 U.S.C. 1232G and 34 CRF Part 99.

2. The ADE shall not disclose personally identifiable individual student records to any person, institution, agency, or organization except as authorized by federal and state law and regulation. The ADE shall only use personal identifiable student information to prepare and publish aggregate reports and analysis.

B. Data Security

1. The Arkansas Department of Education (ADE) and Arkansas Public School Computer Network (APSCN) will control stringently access to data and records submitted by school districts through security conventions and procedures that are established by ADE and APSCN.

2. Appropriate computer security will be implemented to ensure that users will be granted access only to the data necessary to complete federal or state-mandated activities.

C. Records Retention

1. The ADE shall establish record retention procedures for maintaining and destroying personally identifiable district information.

2. Except as required for auditing or monitoring activities, or for the evaluation of state or federal programs, personally identifiable records shall be destroyed according to a schedule developed by the ADE.

STATEWIDE INFORMATION SYSTEM 2013/2014

SIS OVERVIEW

The Arkansas Department of Education (ADE) and Arkansas Public School Computer Network (APSCN) in cooperation with the Department of Information Services (DIS) has developed a state reporting process design that will allow Arkansas school districts to report their data electronically over the statewide network to the ADE.

Both ADE and APSCN approve the database structure. A relational database design has been implemented as outlined in the Record Relationships chart. Data is collected as it directly relates to one of the records outlined. When the data to be collected is not available, data screens are provided by the APSCN programming staff to collect required data (i.e. bus and facility data).

The data submissions will be transmitted in accordance with the reporting cycles outlined in the Data Submission Cycles chart (page 8-10). All unit records are cyclic and must be submitted in their entirety by their due date(s). There will be a calculated elements database created from the unit records submitted by each district. The programs that create these data elements will be used for all calculations at the APSCN and ADE, ensuring that all formulas and/or logic that derive items such as Average Daily Attendance (ADA) are the same for all parties.

APSCN provides procedural instructions, release notes and documentation for each cycle. This information is published far enough in advance of each cycle to give the user time to meet the cycle submission due date. It can be accessed by going on the Internet to the APSCN web site at http://apscn.org click on the SIS menu, then select "Statewide Information System." Only district personnel selected to perform state reporting coordinator duties will execute record submissions by utilizing the APSCN_GUI (Graphical User Interface) on their network-connected workstation. All reports produced for a cycle should be reviewed by appropriate district, school, food service, and counselor personnel for accuracy prior to submission to the ADE. Once the data submission is complete, each district is required by the ADE to sign and return the "Certification of Data Accuracy" form (one for each cycle) to the ADE. This form is part of the release notes provided by APSCN for each cycle.

Data Schema Definitions for SIS Handbook

ID =	A unique number used to identify data elements in each table. The first two letters denote the table in which the element is found and the remaining 4 numbers are chronological order numbers.
Element =	This is the actual text name descriptor and definition of the data that is being collected.
Name =	This is the abbreviated name given to the element. It is the name that is used to reference the data element in program code.
Type =	A descriptor assigned to each element in a table indicating the type of data the element is intended to hold. Data types used in this manual are: **Alpha** (alphabetic or character) = Used to store any combination of letters, numbers, and symbols. **Num** (numeric**) =** Used to store whole numbers. **Dec** (decimal) = Stores numbers with definable scale and precision.
Date =	Stores calendar dates. A date element holds a date in the form mm/dd/yyyy where mm is the month (1-12), dd is the day of the month (1-31), and yyyy is the year.
Size =	The total possible characters or numbers that may be entered for the element.
Values =	Assists you with entry of valid data. Display the format for numeric data as ##.## or acceptable codes for yes/no fields (Y/N). Table means the choices are in the table under the Element or Appendix A – means the choices are shown in appendix in the back of the manual or Date – as MMDDYYYY should be entered.
Cycle =	Used to denote the submission cycle (1-9) in which the data element will be pulled.

NOTES:

***1015 -** Assistant Superintendent -- An individual holding either a License Code 402 or 403 employed as an Assistant Superintendent prior to August 2003 will be grandfathered for this position. All Assistant Superintendents hired after August 2003 and hold an Administrator License Code 312, 313, 402 or 403 may continue in this role until the expiration of the license, at which time the appropriate District Level Administrator License or an Administrator Licensure Completion Program (ALCP) for District Level will be required to continue in that role. This is in accordance to the Rules Governing Initial and Standard Administrator Licensure.

****1030 -** Administration/Other -- Individuals shall not be coded as **1030** where a more appropriate license/job code exists. Examples: Individuals employed as Assistant Superintendent, Special Education Administrator, Content Area Specialist Program Administrator, Curriculum Administrator, etc… shall not be coded as 1030 since a more appropriate job code exists. Examples which may be coded as 1030 are licensed administrators serving in the capacity of Director of Professional

The 8515, 8516 8517 Approvals are **NOT Administrator Licenses**. These Approvals may be used only for an Assistant Principal position (at the appropriate level) and will not transfer into an administrator license. Approvals are no longer issued.

***Individuals previously coded **8550** as a Subject Area Supervisor or **8590** as a Supervisor/Other will need to be re-coded under a more appropriate code, specific to the subject or area of supervision listed. These supervisor areas were issued under the previous licensure system, but are no longer issued under the current licensure rule.

******7060** - A Dean of Students shall not be hired to perform Building Level Administrator or Curriculum/Program Administrator

duties such as evaluation of staff (licensed or classified) or developing/directing curriculum. As the title implies, this individual's sole responsibility is working with students. Building Level Administrator includes Principal, Assistant Principal, & Vice-Principal. Curriculum/Program Administrator includes: Special Education Program Administrator, G/T Program Administrator, Career & Tech Program Administrator, Content Area Specialist Program Administrator, and Curriculum Administrator.

*****These are NON-INSTRUCTIONAL P-12 Licenses: 229, 316, 526, 19 309, 310, 198, 317 & 532. An Additional Licensure Plan (ALP) for a P-12 licensure area shall not be attached.

******An Additional Licensure Plan (ALP) shall not be attached to any vocational permit.

*******Teachers of Pre-K Students who are not enrolled in the District employing the teacher. Example: If DHS is providing the student meals, the student should not be enrolled by the school district. This is to prevent the same student from being counted twice on statewide counts of Pre-K students.
