

ADE Course Code Management System

The Course Code Management System is an online listing of all active, ADE approved, courses for the school year with their necessary requirements.

Users are able to use the system to search, filter, and sort courses, as well as print and/or export the information to Excel.

To access the Course Code Management System, visit the ADE Data Center (<http://adedata.arkansas.gov>) & click the link for 'Course Code Management'

The screenshot shows the ADE Data Center website interface. At the top, there is a blue navigation bar with the text "ADE DATA CENTER" and "All Tools - Tools by Role - Newsroom". Below this, there is a "Welcome to the ADE Data Center" section with introductory text and the Arkansas Department of Education logo. To the right, there are several menu sections: "FOR TEACHERS" (Class Dashboards, Class Rosters, State ID Lookup, Triand Support), "FOR SCHOOLS" (ACT Reports, Class Dashboards, Class Rosters, Course Code Management, State ID Lookup, Triand Support), "FOR DISTRICTS" (ACT Reports, Class Dashboards, Class Rosters, Course Code Management, Duplicate Enrollment Audit, State ID Lookup, Triand Support), "FOR PARENTS" (Triand Support), and "FOR ADE STAFF". A red arrow points from the "Course Code Management" link in the "FOR SCHOOLS" menu to a larger, detailed view of the same menu on the right side of the page.

Or, access the page directly at <http://adedata.arkansas.gov/ccms/>.

The screen will display 10 course codes on the page automatically. Navigate to other pages using the arrow tools or choose to display more course codes on a page using the tools at the bottom of the list.

Searching & Filtering

If you're looking for a specific course code or course title, you can use the search boxes provided to narrow down your results.

Enter the course code in the area provided & press enter on your keyboard. Only courses matching what was entered will display.

COURSE CODE	COURSE TITLE	SUBJECT AREA	GRADE LEVEL (LOW)	GRADE LEVEL (HIGH)	LICENSURE CODE	HQT	STATE GRAD REQ	SMART
511020	ADE Approved English 10	11 10th Grade English	9	12	052, 166, 4031	✓	✓ ▶	✓ ▶

For this example, the user searched by course code '511020' resulting in the course 'ADE Approved English 10' being displayed.

You can search by multiple criteria, as well.

For example, if you needed to see only *Math* courses which are taught with a Licensure code of *200*, enter each criterion in the appropriate area & press enter for the results.

Note: To clear a search, simply delete the text from the search boxes & press enter.

The last four columns of the system allow you to filter the information by HQT, State Graduation Requirement, Smart Core and/or End of Course.

Click the arrow beside the column you wish to filter & choose the appropriate option.

For example, if a user wants to display only English courses that are part of the Smart Core requirement, he or she can enter '*English*' as the course name & choose '*Yes*' from the filter box.

Only those English courses that are a Smart Core requirement will appear.

Sorting

When multiple records display on the screen, you may wish to display them in a different order than it appears. The course code management system allows you to sort on any column by clicking the column header.

Clicking once will sort the data, by that column, in ascending order (lowest to highest). Note the up arrow that displays to denote you are sorting by this column.

[GRADE LEVEL](#)
[\(HIGH\)](#) ▲

Clicking on the same column will sort the information in descending order (highest to lowest). The arrow points downward to indicate descending order.

[GRADE LEVEL](#)
[\(HIGH\)](#) ▼

To remove the sorting order, simply click the column header once more & the arrow will disappear.

[GRADE LEVEL](#)
[\(HIGH\)](#)

Note: Any column can be used for sorting purposes.

Printing

If you wish to print the list of course codes, click the 'Print Form' link at the top right of the page.

This will open a new page that is printer friendly. Note that there are search boxes on this page, as well, if you need to only print certain courses.

Exporting to Excel

It's easy to export any of the Course Code Management data to Excel.

If you have sorted or filtered the list and wish to have only that portion exported to Excel, click the 'Segment' link next to 'Export to Excel'.

Only what is displayed on your screen will be sent to Excel.

If you would like a full list of all course codes from the Course Code Management System, click the 'All' link.

Every course code in the list will be exported.

Subscribing to Updates

You have the option to receive notifications on changes and updates made to the Course Code Management System.

Click the link to "Subscribe", at the top right of the screen.
