

University of  
Central Arkansas™

The Arkansas State Legislature created The Arkansas State Normal School (now known as UCA) in 1907. The purpose of The Arkansas State Normal School was to properly train students to become professional teachers and rid Arkansas of haphazard schoolteachers. Classes began in 1908 with nine academic departments, one building on 80 acres, 107 students, and seven faculty members. Two faculty members taught in two departments and President Doyne taught pedagogy and Latin.

The following is a compilation of data reflective of the Educator Preparation Program at

### III. Demographic Data

Data submitted directly to ADE are presented below. These are the number of students in initial licensure programs in 2014-15.

**Table 4. Enrollment and Demographic Data**

<b>Nontraditional</b>	78	240	<b>318</b>	1	2	3	45	0	262	5

**Note:** Individuals can belong to one or more racial groups. The sum of the members of each racial category may not necessarily add up to the total number of students enrolled. For purposes of Title II reporting, the definition of an enrolled student is a student who has been admitted to a teacher preparation program, but who has not yet completed the program.

## VI. Praxis® Licensure Test Pass Rates

The Praxis® Tests reported herein are assessments that are required for teacher licensure in Arkansas. Pass rates reflect the number of students taking each test for the first time between 9/1/14 and 8/31/15, and the numbers passing each test. EPPs had the opportunity to verify their students took the tests listed for their institution. Data include both traditional and nontraditional routes.

## VII. Novice Teacher Survey Results

First-year teachers complete the “Novice Teacher Survey” in the spring at the end of their first year of teaching. The purpose of the survey is to identify novice teacher perceptions of their educator preparation experience base on the four TESS domains. The spring 2015 questions and results (related to the Framework for Teaching domains) are presented below for traditional and nontraditional programs.

**Table 8. Novice Teacher Survey Results**

Instructions were as follows: "Please rate the following statements based on how well you feel your educator preparation provider (EPP) prepared you in each category for your first year of teaching." SCALE: 1=Not at all prepared 2=Inadequately prepared 3=Adequately prepared 4=Well prepared 5=Very well prepared

## VIII. Glossary

**Educator Preparation Provider (EPP)** – EPPs are institutions or organizations that offer teacher preparation programs. EPPs can be Institutions of Higher Education (IHEs) offering traditional programs (traditional route to licensure), IHEs offering alternative programs (nontraditional route to licensure), or organizations not based at IHEs offering alternative programs. Educator preparation ‘**programs**’ are those individual tracks that prepare for specific licenses. These are offered under the auspices of each provider.

**HEA Title II (Title II of the Higher Education Act of 1965)** - Title II of the Higher Education Act (Sections 207 and 208) reflect the efforts of States, IHEs, and school districts to improve the recruitment, preparation, and support of new teachers. The HEA Title II Report includes requirements, conditions, and specifications for institutions and states related to teacher preparation and licensure.

**IHE** – Institution of Higher Education; college or university.

**Nontraditional route to licensure** – a post-baccalaureate preparation program designed for individuals seeking licensure as a teacher whose degree is not in educator preparation. Under the Arkansas Department of Education rules for nontraditional licensure, this is a program that allows them to serve as teacher of record while enrolled in a program of study.

**Pedagogy** - the art or science of teaching; education; instructional methods.

**Praxis® licensure tests** – examinations offered by ETS® taken by individuals entering the teaching profession (required by many states, including Arkansas) as part of the licensure process. Passing scores are required on the appropriate basic skills, pedagogy, and content-area assessments as mandated by the State Board of Education.

**Program completer** - a person who has met all the requirements of a state-approved educator preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program’s requirements.

**Traditional route to licensure** – an undergraduate or graduate program of study at an IHE that prepares candidates for licensure as a teacher, special education teacher, school counselor, school administrator, or other school professional. These programs include a supervised clinical experience but the students do not serve as teacher of record while enrolled in the program of study.
