

Lesson Plans and Resources

My Triand allows the creation, scheduling, and sharing of lesson plans and resources.

Lesson Plans

To view or create a lesson plan in Triand, click "Lessons" in the Navigation menu.

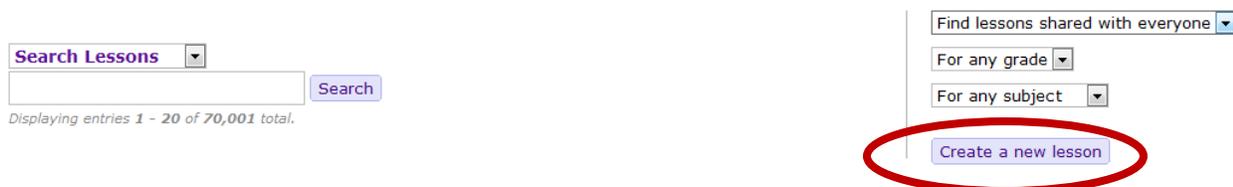

To view a lesson someone else created, use the search options to narrow down your results.

Type in a topic in the search box or choose a grade and/or subject.

Click on the lesson plan name when the results appear.

To create your own lesson plan, click "Create a new lesson".

A new lesson plan has been created for you. You can add as much detail as you wish.

View Lesson Plans you have created

To view lesson plans that you have created, select “Find lessons I created” from the search options.

The screenshot shows a search interface with a dropdown menu set to "Find lessons I created". Below the search bar, there is a table of lesson plans. The table has columns for Author, Subject, Grade, Lesson, Attachments, Preview, Rating, and Comments. One lesson plan is listed with the title "My lesson plan" and a "remove" button circled in red.

Only lesson plans that you have created will appear. To view the plan, click on the lesson name. To delete a lesson, click the “remove” button that appears to the right.

Schedule Lesson Plans

To schedule a lesson on your Triand lesson plan calendar, use the search features to locate the lesson and click on the lesson name to view.

The screenshot shows a form for scheduling a lesson. Fields include Author (Jane (Example) Doe), Name (My lesson plan), Subject (ELA), Grade (KG), Length (1 (in days)), Teach On (with a calendar icon), and Periods. A red arrow points to the calendar icon. On the right, there are options to share, print, and copy the lesson.

Click the calendar icon next to “Teach On”.

Choose the date you would like to schedule this lesson plan from the calendar provided. The screen will update with the date and a button is now available if you wish to Unschedule.

Using the Calendar

My Triand allows you to view scheduled lesson plans in a calendar format and print reports of any scheduled lessons.

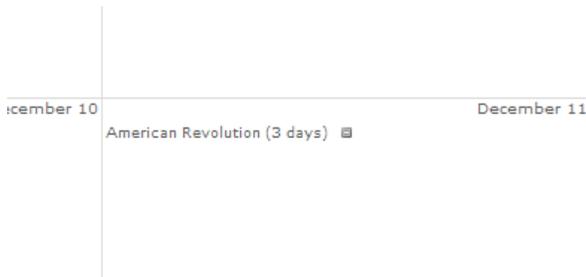

Click "Calendar" in the Navigation menu to view your calendar.

The calendar will display last week, this week and next week, with today's date highlighted.

We can see where a lesson for "American Revolution" is scheduled for December 11 and is a 3 day lesson. Click the name of the lesson to view the lesson plan details. Click the "-" symbol to remove it from the calendar.

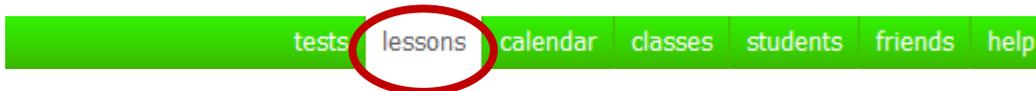

Below your calendar, Triand has 2 report options.

- "Print my calendar" will export only your scheduled lesson plans to a printer-friendly PDF format. It will be in report form.
- "Print calendars for my friends" will print the same report to a PDF file for all of the users in your Friends list, showing any scheduled lessons on their calendar.

Resources

The resources area allows users to compile resources (text, activities, vocabulary, links, images, etc.) for storage and quick reference. To view or create a lesson plan in Triand, click "Lessons" in the Navigation menu.

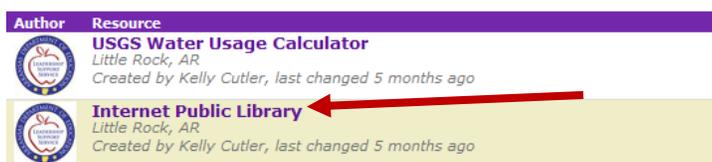

When the lesson plan area displays, change the search option to "Search Resources".

All of your search options change for Resources. Choose to view resources you have created or those created by others. Like lesson plans, you may type in a topic in the search box to further narrow your results.

When the resource displays, click on the name to view details.

The resource information will display, with options to copy or print.
